About The International Conference

As you are kindly aware that the Society for Plant Biochemistry and Biotechnology (SPBB) is organizing 'International Conference on Biochemical and Biotechnological Approaches for Crop Improvement' (IBBACI 2023) scheduled from 30th October to 01st November 2023 at NASC Complex, New Delhi, in collaboration with ICAR-Indian Agricultural Research Institute (IARI), New Delhi, ICAR-National Institute for Plant Biotechnology (NIPB), New Delhi and CSIR- National Botanical Research Institute (NBRI), Lucknow.

IBBACI 2023 aims to bring together a diverse group of researchers and academicians from around the world to present their research experiences as well as to give them a forum to discuss new ideas, updates, and integrate novel crop improvement concepts with the overarching objective of accelerating the achievement of SDGs by 2030.

The Conference shall feature technical sessions with plenary, keynote, invited lectures, and contributory oral/poster presentations. Besides, separate sessions would be organized to take stock of advances made in millets, legume, and oilseed research, and potential goals and strategies for the improvement of these crops would be discussed and deliberated upon to chart an implementable action plan. A special attraction of the conference would be the industry-Academia interface and student –Science leaders' interface to address present and future challenges in crop improvement.

Invitation

We are delighted to extend our invitation for the **International Conference on Biochemical and Biotechnological Approaches for Crop Improvement**, organized by the Society for Plant Biochemistry and Biotechnology (SPBB). The conference will take place from **30th October to 01st November, 2023**, at the **NASC Complex in New Delhi**.

This important event is being held in collaboration with ICAR-Indian Agricultural Research Institute (IARI), New Delhi, CSIR-National Botanical Research Institute (NBRI), and ICAR-National Institute for Plant Biotechnology (NIPB), New Delhi. The primary objective of this conference is to gather international experts and emerging scientists who share a keen interest in the fascinating field of Plant Biochemistry and Biotechnology for crop improvement.

The conference program will include Dr. N.B. Das Memorial Lecture, Plenary Lectures, Invited Lectures, Oral Presentations, Poster Presentations, SPBB Awards, Flash Talks and Student Scientist / Industry Academia Interface covering a wide range of topics related to crop improvement through biochemical and biotechnological approaches. This will provide an excellent platform for exchanging knowledge, fostering collaborations, and staying updated with the latest developments in the field.

We are pleased to extend our invitation to all individuals with a keen interest in plant biochemistry and biotechnology-related subjects to join us at our upcoming conference. We understand that some attendees may require a letter of invitation to facilitate their visa application process. We are pleased to inform you that we will provide an official letter of invitation to those who require it for visa purposes.

- **Metabolic Pathway Engineering**
- **Advanced Molecular Tools for Crop Improvement : Genomics and Genome Editing**
- **Abiotic and Biotic Stress Tolerance**
- **Plant Nutrition & Food Quality Enhancement**
- **Millets as Nutraceuticals**
- **Advances in Legumes & Oilseed Research**
- **Functional Genomics and Regulatory Biology**
- **Microbiome & Nanotechnology for Health**

SPBB Awards

Dr. N.B. Das Memorial lecture

SPBB initiated 'Dr. N. B. Das Memorial Lecture' in 1993 in the memory of renowned Biochemist late Prof. N. B. Das. (First Head of the Division of Biochemistry, Indian Agricultural Research Institute, New Delhi). **It will be held on October 30th, 2023 at C. Subramaniam Auditorium (NASC Complex), New Delhi.**

SPBB in collaboration with Springer Nature India Pvt. Ltd., initiated following awards since 2019:

- **SPBB-Springer Life Time Achievements Award** to the renowned scientists/researchers for their outstanding contributions in the areas of Education, Science Adoption and Popularisation, Research and Teaching, Translational Research (Biochemistry & Biotechnology).
- **SPBB-Springer Young Scientist Awards** to the young scientists/students (Ph.D.)/researchers in the field of Plant Biochemistry, Biotechnology, Molecular Biology, and Life Sciences.

Abstract Submission

Abstract are invited for **oral, poster, flash talks** and **young scientist award** presentations. The language of the conference will be English. The abstract not exceeding 250 words should have a title followed by the name of the author (s), affiliation and E-mail address of the corresponding author(s). The abstract should be typed in font Times New Roman, Size 12 with spacing 1.15 along with 4-5 keywords.

The abstracts may be submitted through the conference website www.ibbaci.org on or before 15th September, 2023.

Visit the website www.ibbaci.org for the detailed guidelines for abstract submission.

Key Speakers

Dr. N.B. Das Memorial Lecture

Prof. Rajeev Varshney
Murdoch University, Australia

Plenary Speakers

Prof. Nigel G. Halford
Crop Scientist,
Rothamsted Research, UK

Dr. Vedpal S. Malik
United States Department
of Agriculture, USA

Prof. Balaram P.
Former Director, Indian
Institute of Science, Bangalore

Dr. T. R. Sharma
DDG (Crop Science)
ICAR, New Delhi

Dr. A. K. Singh
Director, ICAR-IARI,
New Delhi

Prof. Yunde Zhao
University of California,
USA

Lead Speakers

Session - I : Metabolic Pathway Engineering

Prof. Shubra Chakaraborty
Director NIPGR,
New Delhi

Dr. Ram Rajasekharan
Central University of Tamil Nadu,
Thiruvavur

Dr. Ajit Kumar Shasany
Director, CSIR-NBRI,
Lucknow

Session - II : Advanced Molecular Tools For Crop Improvement: Genomics And Genome Editing

Dr. Viswanathan Chinnusamy
Joint Director (Research)
ICAR-IARI, New Delhi

Dr. Swarup K. Parida
NIPGR, New Delhi

Dr. N.K. Singh
National Professor BP Pal Chair
ICAR-NIPB, New Delhi

Session - III : Abiotic And Biotic Stress Tolerance

Prof. Manoj Prasad
JC Bose National Fellow, NIPGR,
New Delhi

Prof. Kashchandra Raghobama
Purdue University,
USA

Session - IV : Plant Nutrition & Food Quality Enhancement

Prof. Avtar K. Handa
Center for Plant Biology
Purdue University, USA

Dr. Sijo Joseph
University of Manitoba,
Canada

Dr. Sanjay Kumar
Director AIB
Amity University, Noida

Session - V : Millets As Nutraceuticals

Dr. C. Anandharamakrishnan
Director, CSIR-IIIST, Trivandrum,
Kerala

Dr. C Tara Satyavathi
Director, Indian Institute of
Millets Research, Hyderabad

Prof. Rattan Yadav
Aberystwyth University,
UK

Session - VI : Advances in Legumes & Oilseed Research

Dr. C. Bharadwaj
ICAR-IARI
New Delhi

Dr. D. K. Yadava
Assistant Director General (Seed)
ICAR, New Delhi

Session-VII : Functional Genomics And Regulatory Biology

Dr. Sona Pandey
Donald Danforth Plant Science Center,
USA

Prof. Gitanjali Yadav
NIPGR,
New Delhi

Session-VIII : Microbiome & Nanotechnology For Health

Prof. Archana Chugh
IIT Delhi,
New Delhi

Prof. Arjan Narbad
Quadram Institute,
UK

Oral Presentations

Session-I :
Metabolic Pathway Engineering

Dr. Aruna Kilaru
East Tennessee State University,
USA

Session-III:
Abiotic And Biotic Stress Tolerance

Dr. Ranjan Swarup
University of Nottingham,
UK

Exhibition

Concurrent with IBBACI 2023, an exhibition is also held on the same dates and at the venue. It is a unique platform for showcasing and launches of new initiatives, machinery products and technologies, establishing joint ventures, developing and renewing international and regional contacts.

Venue – NASC

NASC Complex is a prestigious Complex built by the Indian Council of Agricultural Research spreadover an area of around 22 acres with multi-dimensional state of the art facilities like a National Agricultural Museum, Symposia Complex, large underground parking, offices of the International and national organizations, National Academy of Agricultural Sciences (NAAS), Association of Agricultural Universities of India. NASC Complex is located on Dev Prakash Shastri Marg.

- 16 kms from New Delhi Airport.
- 8 Kms from Delhi Railway station.
- Nearest Metro Station - Rajendra Place.

About Delhi

New Delhi is the capital of India and an administrative district of the National Capital Territory of Delhi. New Delhi is the seat of all three branches of the government of India, hosting the Rashtrapati Bhavan, Parliament House, and the Supreme Court of India. Delhi has always been home to some of the most beautiful heritage sites in the world. From Indraprastha to Lutyens & Delhi, you & be able to spot remnants of every era that the city has gone through. Delhi boasts of a host of historical monuments as well as newer additions viz. Rashtrapati Bhawan, Parliament House, Red Fort, India Gate, Jantar Mantar, Qutab Minar, Birla Temple, Jama Masjid, the Shahid Smarak, Kartavya Path (the renovated and renamed Raj path), Signature Bridge. Apart from the monuments, the famous markets with their delicious cuisines are also famous. These include, Connaught Place, Janpath, Pandara Road, Khan Market, Chandni Chowk, Humayun's tomb, Safdar Jung tomb, Lotus temple, Akshardham temple, Lodhi garden, Talkatora garden, Delhi Haat. South Extension, to name a few. The National Zoological Park and boating at the Purana Quila Fort are added attractions.
